Orbital Table Lamp

By Bomma

Description

The Orbital Table Lamp evokes the look of a celestial body with a hypnotically glowing core. The ingenious design of a hand-blown glass lens, held in place by a metal band creates a fascinating visual experience. One half of the shade is clear, while the other half is colored to provide an exciting pop of color. The glass is mouth-blown thus the intensity of color and gradient may slightly vary. Dimmer switch located on cord.

Specifications
