Emi Table Lamp

By FLOS

Description

Introducing the Emi Table Lamp, a testament to innovative lighting design that creates a dramatic interplay of light and shadow. This sophisticated lamp features a distinct triangular aluminum shade meticulously engineered to direct light both upwards and downwards, resulting in a captivating display of focused illumination. For unparalleled visual comfort, the Emi is fitted with an advanced anti-glare optical unit, ensuring professional-quality, comfortable lighting ideal for both domestic environments and demanding hospitality settings. The lamp's thoughtful functionality extends to its independent dimming capabilities, with dedicated buttons on the stem allowing you to control the uplight and downlight separately. Supporting this ingenious shade is a sturdy triangular, cast iron stem and base, completing the look with a harmonious repeated motif that speaks volumes about its thoughtful design and robust construction.
