LED Retrofit Down Deck Light

By Kichler

Description

The LED Retrofit Down Deck Light brings both elegance and functionality to your exterior space. Its threaded and sealed construction protects against water ingress. Designed to withstand harsh weather and coastal conditions all year. Perfect for narrow beams, rails, or posts. Designed with a 9-15V operating range to be able to add more fixtures to a run without losing any light output. Includes fixture, 72 inch leads, glass lenses, mounting bracket, and hardware. This fixture is to be used only with a transformer rated a maximum of 300 W, 25 AMPS, 15 volts, sold separately below. The fixture does not mount to a standard junction box.

Shown in centennial brass / clear
