Mobile 7 Chandelier

By Michael Anastassiades

Description

The Mobile 7 Chandelier is a delicate structure balanced in perfect equilibrium. Constructed following the principles of a mobile, it rotates freely and delicately, creating an ever-changing lighting configuration unique to the space it occupies. Each Mobile Chandelier is individually tailored to ensure the balance of its hand-crafted patinated-brass components. Every piece is unique in its dimension and compositional balance, due to the varying weight of the mouth-blown opaline glass. Includes a paintable junction box cover which will cover standard 4 inch junction boxes. The j-box cover extends beyond the fixture and will be visible. The total drop from the ceiling to the bottom of the fixture is specified to order and is not field adjustable: 82.2 inch minimum to 158.8 inch maximum.

Specifications

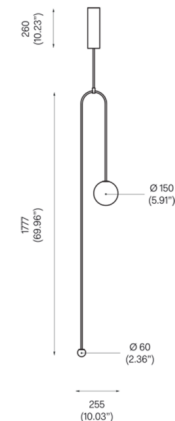

COLOR Opal
BODY FINISH Black Patina
WATTAGE 12W
DIMMER 0-10V
DIMENSIONS 10.03"W x 69.96"H x 5.91"D
INTEGRATED LED MODULE 1 x LED/9W/120V LED
INTEGRATED LED MODULE 1 x LED/3W/120V LED

Technical Information

LAMP COLOR 2700K
LUMENS/WATT 127.78
LUMINOUS FLUX 1150 lumens

Shown in black patina / opal
