The Philosophical Egg Wall / Ceiling Light By Michael Anastassiades

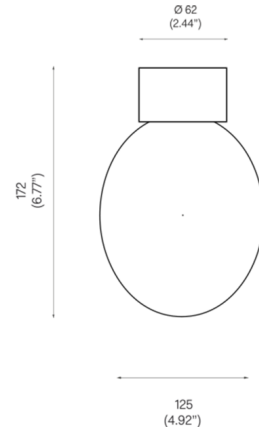

Description

The Philosophical Egg Wall / Ceiling Light pays homage to the mysterious egg-shaped object depicted in the Renaissance painting Brera Madonna by Piero della Francesca. The refined lines of the opal glass diffuser allow the light to become the central focal point of the space. Includes a paintable junction box cover which will cover standard 4 inch junction boxes. The j-box cover (not pictured) extends beyond the fixture and will be visible.
