Beech Color-Select Outdoor Wall Light By WAC Lighting

Description

A slab of bark-textured glass gives an organic feel to the otherwise sleek silhouette of the Beech Outdoor Wall Light. Patterned illumination spills from its ruffled surface. Features color-select switch which allows user to field select between 2700K, 3000K, 3500K and 4000K color temperature options. Pre-select color temperature pre-set and adjust in the field. ELV and TRIAC dimming.
