Colorscaping 2 Inch Round Recessed Indicator Light 15V By WAC Lighting

Description

Enjoy awe-inspiring wayfinding illumination with the Round 2 Inch Colorscaping RGB+White (Red-Blue-Green + 2700K-6500K) Recessed Indicator Light. From subtle tones to bold vivid hues, create multi-colored lighting effects to control sightlines and make your yard feel larger at night. Each fixture can be individually controlled. Fixtures can be grouped and controlled together. Fixtures contain discreet, warm, and cool white LEDs for full tunability. Fixtures can generate tens of thousands of different colors. Automations can be stored and recalled for schedules and lighting scenes. Fixtures from multiple transformers can be controlled as a single group in the app. Integrators can control the fixtures using industry standard DMX 512. NOTE: Required power supply and optional accessories sold separately.
