Linear Undercabinet 60W Plug and Play Power Supply

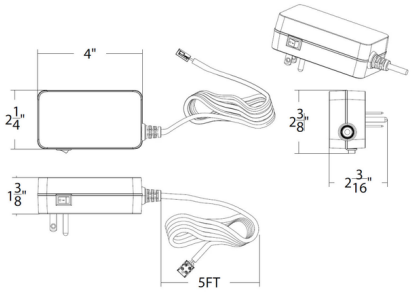

By WAC Lighting

Description

The Linear Undercabinet 120V input / 24V output Class 2 electronic transformer is designed to be used as a plug-and play style transformer. Includes a 60 inch cord with an quick connect live end. Integral on/off switch.Inherently protected and power limited, protecting the lighting system from both normal and abnormal short circuits. Built-in auto reset, soft start, short and overload circuit protection features. The soft start delayed start feature extends lamp life by delaying the abrupt inrush current to the lamp. Designed for use with WAC Lighting linear undercabinet system. TRIAC and ELV dimming.
