Firth Wall Sconce By Tala

Description

The Firth Wall Sconce features a thick, rippled glass exterior and an internal silicone diffuser to cast a gentle, ethereal glow with limited glare. Firth's ribbed edges and clean, seamless form recall the calm flow of waves in a coastal inlet. The sconce is IP65-rated for use in wet locations such as bathrooms, and it includes a Dim-to-Warm GX53 bulb, which warms in color temperature from 3000K to 2000K as the fixture is dimmed to create an inviting ambiance.
