Snowflake Color-Select Pendant By Artcraft

Description

The Snowflake Color-Select Pendant is a masterpiece of elegance, featuring rock-style cut glassware that glistens like frosted crystals, illuminated by energy-efficient LED lighting. Delicate brass holders cradle each glass piece, all suspended from a matte black canopy that adds a dramatic contrast. Its thoughtful design includes a three way color select switch, allowing you to choose between warm, neutral, or cool color temperatures (3000K/4000K/6000K), and the dimmable functionality lets you tailor the ambiance to perfection. The easily adjustable wires ensure a seamless fit for any ceiling height, making this pendant as versatile as it is enchanting.
