## Luang Floor Lamp By FARO Barcelona

### Description

The Luang Floor Lamp, designed by Faro Lab, is inspired by the art and hand-crafted objects made with papyrus and natural fibers in Southeast Asia and by how they create incredibly formal poetic and complex volumetric objects from flat elements. It has a minimalist structure that contrasts profoundly with the free and organic appearance of its shade which, by not having a structure and being materialized exclusively in papyrus, lights up entirely. On/off switch located on cord.

Shown in black / beige
