# Barro Cluster Circular Pendant

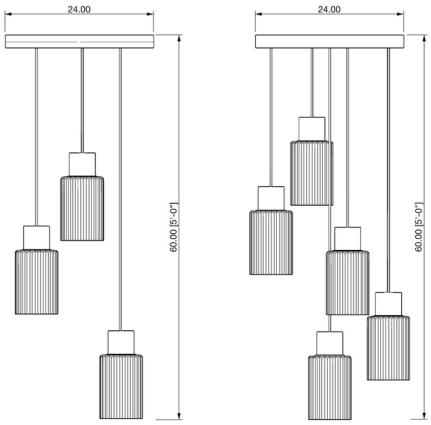

By Graypants

## Description

The Barro Cluster Circular Pendant features a combination of natural materials produced using traditional methods from Oaxaca, Mexico. The ceramic is formed from Oaxacan clay fired in a wood-fired kiln and then hand-polished with river stones to create a smooth surface. To create the Charcoal finish, the shade is fired again in a kiln sealed with mud, where the clay absorbs the smoke and takes on its color. Barro's innovative use of traditional processes makes it a timeless beauty that will complement any interior with a rich earthiness.

Shown in charcoal / smoke
