# Gianna Semi Flush Ceiling Light

By Mitzi

## Description

The soft curves and mechanical detailing of the Gianna Semi Flush Ceiling Light creates visual tension while retaining a sense of balance. A light bronze glass layer melts from an Aged Brass canopy, surrounding a glossy opal glass inner shade to form the organic design. The clean, minimalist shape is elevated by the distinctive double glass composition and the industrial-style pins that hold the entire fixture together.

Shown in aged brass / light bronze / opal
