Parallux Table Lamp

By Nova of California

Description

The Parallux Table Lamp is a bold, lighting statement that celebrates balance and contrast. Crafted from rich espresso-finished wood, the lamp's geometric form is punctuated by a sleek weathered brass accent rod that bisects a central cutout - creating a striking play of light, shadow, and form. A white linen rectangular shade crowns the design, providing soft ambient light and balancing the darker wood tones. On/off socket switch.
