Pearl Wall Sconce

By Roll & Hill

Description

Within the shell of an oyster and out of sight of the world, a grain of sand is turned into a pearl, resulting in one of nature's most opulent artifacts. The Pearl Wall Sconce is beauty from within. Handblown Italian glass forms an outer shell that masks an internal handblown pearl. Layered and rich, Pearl will take you back to the elegance of the 80s. The sconce's peekaboo shape will keep you looking.
