Shan Wall / Ceiling Light

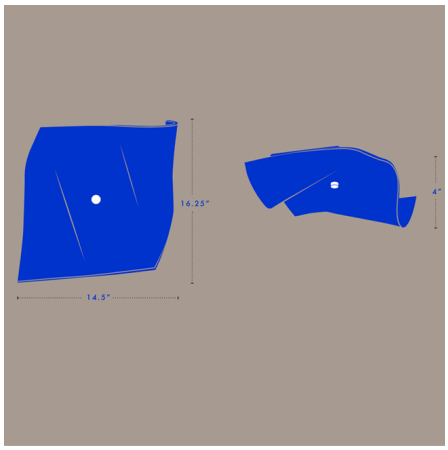

By SIN

Description

Inspired by the soft waves of a sailcloth, the Shan Ceiling Light / Wall Sconce transforms the ceiling into a canvas of quiet minimalism. Its origami-like ceramic form creates an interplay of light and shadow overhead or when used as a wall sconce. Perfect for adding a warm glow in a bedroom, bringing character to a hallway, or adding style to a mudroom. METALLIC GLAZE AGING AND VARIATIONThe Obsidian and Graphite glazes contain reactive metallic compounds that naturally oxidize, causing their hue and sheen to evolve over time. Expect soft mattifying, darker tones, or a gentle reduction in luster, beautiful changes that make each handmade piece uniquely alive. These subtle shifts are part of the glaze's natural character, not flaws.
