Shayd Warm Dim Pendant By SIN

Description

Inspired by the delicate beauty of origami, the Shayd Pendant gracefully twists inward to form a suspended sculpture. The handcrafted French parchment shade creates a sense of weightlessness and soft illumination. A ceramic cap provides the finishing touch. Whether shining solo in a kitchen nook or gathered in a dramatic cluster in a foyer, the Shayd brings a subtle yet striking charm to any space. Assembly required. Note: Warm dim range 2200K-3000K. 120V dimmable with TRIAC and ELV dimmers. 277V dimmable with 0-10V dimmer. METALLIC GLAZE AGING AND VARIATION The Obsidian and Graphite glazes contain reactive metallic compounds that naturally oxidize, causing their hue and sheen to evolve over time. Expect soft mattifying, darker tones, or a gentle reduction in luster, beautiful changes that make each handmade piece uniquely alive. These subtle shifts are part of the glaze's natural character, not flaws.
