## Kori Pendant By Troy Lighting

### Description

The Kori Pendant follows the vein of Japanese modernism with a minimalist cloche-shaped glass design accented by elevated details. A grass cloth wrapped tube extends through the center of the clear glass shade, adding textural interest. Finished in Patina Brass, the thick metal hardware introduces an industrial edge. Despite its distinctive features, Kori's simplicity of form allows it to be hung in multiples across various spaces.

Shown in patina brass / grass cloth / clear

### Specifications
