Plank Smart Hugger Ceiling Fan By Visual Comfort Fan

Description

Embodying timeless minimalism, Peter Bristol's Plank Smart Hugger Ceiling Fan is named for its single balsawood plank, gently twisted to act as two blades. Emphasizing the pared-down aesthetic, the simple cylindrical motor housing mounts flush to the ceiling. Equipped with a powerful energy-efficient DC motor and damp-rated for indoor and outdoor use, this app-controlled smart fan will add a bold yet understated accent to any space it adorns. A handheld remote control is included and enables motor on/off, 6 speeds, and forward/reverse. Optional accessories are sold separately.

Shown in midnight black / midnight black
