## Plank Smart Hugger Ceiling Fan

By Visual Comfort Fan

### Description

Embodying timeless minimalism, Peter Bristol's Plank Smart Hugger Ceiling Fan is named for its single balsawood plank, gently twisted to act as two blades. Emphasizing the pared-down aesthetic, the simple cylindrical motor housing mounts flush to the ceiling. Equipped with a powerful energy-efficient DC motor and damp-rated for indoor and outdoor use, this app-controlled smart fan will add a bold yet understated accent to any space it adorns. A handheld remote control is included and enables motor on/off, 6 speeds, and forward/reverse. Optional accessories are sold separately.

Shown in midnight black / midnight black
