Radiant Smart 3-Way Dimmer Hub Kit with Netatmo

By Legrand Radiant

Description

The radiant Smart 3-Way Dimmer Gateway Kit with Netatmo includes everything you need to install smart, 3-way control. The surface mount gateway is designed to install beside an existing single-gang switch or outlet -- no back box or network wiring is required. Kit includes a Smart Surface-Mount Gateway (WNRH2WH), a Smart Tru-Universal Dimmer (WNRL50WH) and a Wireless Smart Dimmer (WNRL63WH) with Netatmo, plus screwless wall plates. Establish a dedicated network with the Gateway, then install the Smart Tru-Universal Dimmer in place of an existing switch/dimmer for control of lights, from anywhere, through the Legrand Home + Control app. The Tru-Universal dimmer works with virtually any 120V bulb or fixture (excludes 0-10V). The Wireless Smart Dimmer pairs with a Smart Tru-Universal Dimmer and mounts to any wall or surface for easy 3-way control of lights. Compatible with other smart products through Amazon Alexa, Google Assistant and Apple HomeKit, as well as with home automation systems. Electrical Rating: 120V 1100W (Halogen) 120V 1600VA (MLV) 120V 16A (Fluorescent) 120V 2000W (Incandescent) 120V 450W (CFL) 120V 450W (LED) 120V 5A (Fan Control) 120V 700W (ELV) 120V 8A (EFL)
