Radiant Wireless Smart Scene Controller with Netatmo

By Legrand Radiant

Description

The Radiant Wireless Smart Scene Controller lets you set the exact lighting you need, from anywhere, adding safety and convenience to your home. Netatmo technology provides an ideal solution for larger homes with many smart products. Start with the Smart Gateway (sold separately) to establish a robust and dedicated mesh network, then add smart switches, dimmers and outlets to build a solution that perfectly fits a home's unique space and needs. Use this battery-operated smart scene switch to control up to four full lighting scenes with one touch. The Smart Scene Controller can be added to any wall with no wires or tools needed. Easily create and manage scenes from your smartphone or tablet using the Legrand Home + Control app. Must be used in conjunction with installed Smart Switches, Dimmers and/or Outlets with Netatmo. Compatible with other smart products through Amazon Alexa, Google Assistant and Apple HomeKit, as well as with home automation systems. Note: Smart Gateway is required and sold separately. Screwless wall plate included.
