Eos Wall Light By Bert Frank

Description

Meticulously handcrafted in England, the Eos Wall Light merges historical inspiration with modern design. The rough-cast shades contrast with smooth brass accents, while the alabaster globes softly diffuse light to create a warm, ambient glow. A brass arm connects the two shades, with a choice of Guatemala Green marble, White Carrara marble, or Red marble spheres. Note: UL certification is available upon request for an additional charge. Please contact our sales team for assistance.
