## Collier Grand Pendant Chandelier

By Visual Comfort Modern

### Description

The Collier Grand Pendant Chandelier exudes luxury and sophistication. Solid crystal elements made in the Czech Republic are linked together and brilliantly illuminated by integrated LEDs, creating a beautiful strand of light that can be hung straight down in pendant form or draped between two mounting points. Interweave individual strands to create a stunning, dramatic light sculpture in your residential or commercial space. Sloped ceiling adaptable to 45 degrees. Various driver and voltage options are available: Remote Driver, 120V: Includes a driver to be installed in an accessible remote location. TRIAC or ELV dimmable. Remote Driver, 277V: Includes a driver to be installed in an accessible remote location. 0-10V dimmable. Surface Driver, 120-277V: Includes a driver to be installed in the canopy. TRIAC or ELV dimmable. The remote and junction box driver options offer a minimal ceiling look due to the low-profile canopy. For the most minimal appearance, the optional mud-in canopy kit (sold separately) can be used with a remote or junction box driver option. Note: Due to the weight of this fixture, additional ceiling support is required.

### Specifications
