Wake Table Lamp By Tala

Description

The Wake Table Lamp is the ultimate bedside table lamp, designed with an array of features to promote better sleep and clearer mornings. Wake is supplied with a rippled glass Dim-to-Warm light bulb and a rippled ceramic base for a timeless, transitional look. As the light is dimmed by rotating the lamp's base, the bulb's color temperature changes to a warm, amber hue. Wake features a built-in alarm clock with 4 wake-up sounds and 7 ambient sounds for sleeping. The lamp can be programmed to wake up and wind down at specific times either manually or via the Tala smartphone app to create a lighting schedule that mimics the rising and setting of the sun. Wake also allows for smart home integration via Google Home and Alexa.

Specifications

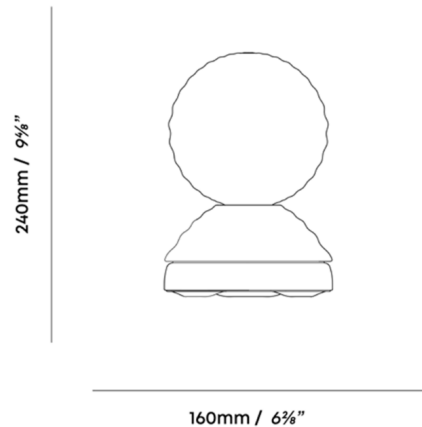

COLOR White
BODY FINISH Pebble White
WATTAGE 15W
DIMMER Included
