Cercle et Trait Wall Sconce

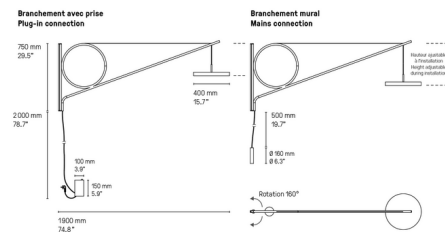

By CVL Luminaires

Description

Taking its name from the French words for circle and line, the Cercle et Trait Wall Sconce features an elegant, minimalist frame composed of these elemental, geometric elements. The long, thin arm swings from side-to-side and supports a rounded shade suspended from a cable. The length of the cable can be adjusted during installation to change the overall height of the fixture. The sconce may be installed as a plug-in or hardwired sconce. When used as a plug-in sconce, a floor dimmer switch is located on the cord. When installed as a hardwired sconce, it is compatible with ELV (phase cut) dimmers.

Shown in satin graphite

La longueur des câbles est ajustable à l'installation.
The height of the cables can be adjusted during installation.

Specifications

COLOR N/A
BODY FINISH Satin Graphite
