Paradoxe Ceiling Light - Lightology Exclusive By CVL Luminaires

Description

The Paradoxe Ceiling Light is a modern reinterpretation of the classic chandelier with a unique lighting inversion. Instead of branching arms supporting individual light sockets as in a traditional chandelier, Paradoxe's curved arms are illuminated from within by an LED light source. Each arm is capped with a brass cylinder, which recalls the look of candlesticks. Phase cut dimmable.

Specifications

COLOR N/A
 BODY FINISH Satin Brass
 WATTAGE 45W
 DIMMER Low Voltage Electronic
 DIMENSIONS 35"W x 22.8"H
