## Draughtsman Convertible Pendant

By Maxim Lighting

### Description

Inspired by the precision and artistry of classic millwork, the Draughtsman Convertible Pendant fuses refined materials with a tailored silhouette to deliver an elevated lighting solution rooted in craftsmanship. Sculpted wood panels form an open cylindrical frame, flared slightly at the base for a gentle curve that evokes artisan joinery. A glass diffuser softly disperses light downward, grounding the form with warmth and clarity. This collection brings a handsome, architectural touch to transitional and traditional interiors alike. Can be hung as a pendant or semi-flushmount.

Shown in black / walnut / satin white
