Sybil Color-Select Pendant

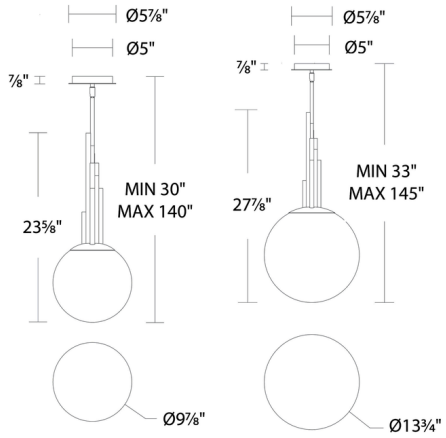

By Modern Forms

Description

The Sybil Pendant modernizes a traditional globe light. The frosted sphere emits a soft, even glow, while Art Deco inspired rods at the top create a graceful cascading effect. Perfect for a kitchen or dining room. This sconce comes pre-set to the color temperature ordered and can be adjusted to 2700K, 3000K, 3500K, or 4000K using a switch in the canopy. It is dimmable with a TRIAC or ELV dimmer.

Shown in black nickel / opal
