Micro Track 48V Recessed Channel

By PureEdge Lighting

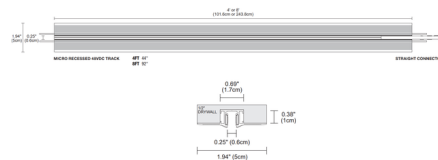

Description

The Micro Track Single Circuit Recessed Channel is a 48-volt, plaster-in recessed track system engineered to sit flush within 1/2 inch drywall ceilings or walls. Its design ensures seamless integration with drywall surfaces with no joist modification required. Includes paintable, opaque slot covers to conceal conductive connectors and track slots seamlessly into the ceiling, leaving only the track heads visible after installation. An End Power Feed, Straight Connector, End Caps, and two Slot Covers are included with each track. Requires a 48VDC Remote Power Supply. Power supply, track heads and track components sold separately.
