Lady Galala Pendant

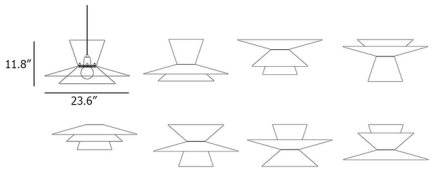

By Martinelli Luce

Description

The Lady Galala Pendant consists of three conical shades of different diameters and colors that can be arranged into a variety of configurations. The appearance of this modular, customizable pendant can be easily changed to suit the space. The shades are made of translucent, satin methacrylate with colors recalling the sun and sea: yellow and orange evoke the rays of a sunset, while blue and white resemble the ocean's crashing waves and seafoam.

Shown in white / white / blue / yellow
