Pandere Wall Sconce

By Allegri

Description

The Pandere Wall Sconce, inspired by the elegance of layered bracelets and cascading jewels, features a custom-cast brass holder that supports crystals, allowing them to gracefully cascade down the curved surface like a waterfall. This stunning piece is equipped with both an LED uplight and downlight, creating an enchanting effect of light shimmering through a veil of water or sunlight piercing through a misty waterfall. The crystals vary in size, adding to the natural allure. Finished in a sophisticated New Bronze.

Shown in bronze / firenze clear
