Tinta Wall Sconce

By Allegri

Description

Introducing the Tinta Wall Sconce: a timeless design re-imagined with a vibrant palette. Each crystal element transitions from a soft light green to a deep navy blue ombre, creating a stunning gradient. The warm, rich brass accents perfectly complement the cooler hues of the crystals. This collection is a striking conversation starter and a delightful addition for those who appreciate eclectic and carefully curated interiors. Finished in an opulent Winter Brass, it strikes a perfect balance between classic elegance and modern flair.
