Opposto Esterno Outdoor Wall Sconce

By Allegri

Description

The Opposto Esterno boasts concealed LED lights nestled behind Firenze crystal, enchanting the observer with their glow. The hammered texture details further enhance this visual delight by reflecting the light from the crystals. This interplay of light creates a compelling focal point and adds layers of depth to the design. Expertly crafted from stainless steel, the piece is coated in a Bronze Fluorocarbon finish that is not only easy to maintain but also resilient against the toughest conditions.

Shown in bronze / firenze clear
