Coral Chandelier

By Kalco

Description

The Coral Chandelier crafts textures that evoke the essence of nature, featuring glass beads elegantly perched on branch-like arms, reminiscent of coral formations or glistening water droplets. These beads function like magnifying lenses, much like raindrops delicately clinging to leaves or flower petals. The design draws inspiration from timeless, airy forms, creating a light and elegant aesthetic. The entire piece is finished in a sumptuous Brushed Champagne Gold, adding a touch of luxury.

Shown in brushed champagne gold / green
