Lee Boulevard 2.0 Chandelier By Quorum

Description

Nestled on four acres in the center of Kansas City, the Lee Boulevard home offers a feeling set apart from the city, which inspires Tamara Day to design this collection. A traditional design with a touch of contemporary through spherical details reflects the Lee Boulevard home's little slice of countryside amidst a sprawling cityscape. Modern beaded elements and vertically-fluted, white-painted glass shades offer transitional comfort with a luxurious impression. Include the latest Lee Boulevard chandelier in your next home design.

Specifications
