Elva Pendant

By Tala

Description

The Elva Pendant features a minimalist aesthetic with a socket in wood or metal paired with the compact Elva Bulb by Tala. The included bulb recalls the look of vintage bulbs with its exposed filaments, but it offers the long lifetime, energy efficiency, and high-quality illumination of LED technology. Place the Elva Pendant above a kitchen island or in the center of a living room or hallway to enhance any room with a retro-inspired accent.
