Voronoi III Multi Light Pendant By Tala

Description

The Oval II Multi Light Pendant is a simple but stylish fixture that can transform any space. A quintet of five metal sockets fitted with Tala's Voronoi III bulb are suspended from a round canopy to create a cascade of lighting. The bulb's irregular, organic shape is inspired by the naturally occurring Voronoi pattern seen in giraffes' coats or certain cell structures. A spiraling LED filament, inspired by the Fibonacci sequence, and iron-tinted glass create a warm, amber glow that will enhance any interior.

Shown in black / graphite / clear tinted

Specifications
