## Anisette Table Lamp

By Vistosi

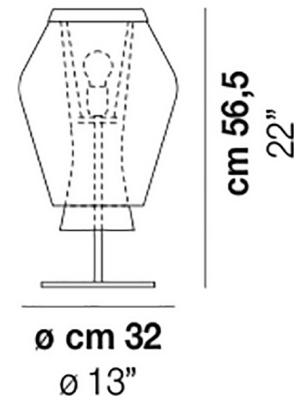

### Description

The Anisette Table Lamp features a double-layered glass shade that transitions from opal white to clear, inspired by the chemical effect seen when anise liqueurs are diluted with water. Both shades can be flipped upside down, allowing for 4 different configurations where the opal portions of the glass can either overlap or contrast to change the lighting effect. On/off switch located on cord.

Shown in white / white

### Specifications
