Ivalo Wall Sconce By Corbett Lighting

Description

Rich in texture, yet minimalist in silhouette, the Ivalo Wall Sconce pairs a tube shade with specialty glass. Accented by delicate goldenamber specks, the Doria glass appears effervescent when lit. A sleek backplate and cuff add shine to the fixture. In either its single or double light formats, Ivalo makes for a highly useful, style-forward wall light.Note: Fixture does not cover a standard US junction box and requires a 2 x 4 inch junction box.Note: The 2-Light option requires two TIO/E26 base bulbsone TIO/E26 9 inch for the top and one TIO/E26 5.5 inch for the bottom.

Shown in vintage brass
