Coppa Wall Sconce

By Corbett Lighting

DAMP

Description

The Coppa Wall Sconce is a quiet study in the layering of light. A softly domed, concentric matte cloud seedy glass shade recalls the shape of a blooming flower, casting a gentle uplight that feels both dimensional and refined. Its elongated, textured brass stem—finished in either Vintage Gold Leaf or Warm Silver Leaf with a matte Cloud seedy glass shade—spans 33.25 inches, bringing graceful drama and a touch of tailored elegance to the wall. Coppa delivers a luminous glow that's at once structured and soft—sculptural and undeniably romantic.Note: Fixture does not cover a standard US junction box and requires a 2 x 4 inch junction box.

Shown in silver leaf / cloud
