## Solara Pendant

By Corbett Lighting

### Description

The Solara Pendant captures the quiet poetry of a solar system in motion; celestial, geometric, and gently luminous. Inspired by constellations, each cloud seedy glass shade glows like a radiant star, suspended in orbit by slender rods finished in Vintage Patina Brass. The result is lighting that feels both architectural and romantic. They are designed not just to illuminate, but to bring a sense of wonder to the everyday.

Shown in vintage polished brass / cloud
