Knot Table Lamp

By Adesso Corp.

Description

The Knot Table lamp brings a unique visual to your interior space. The round base and thin tube present clean lines that are accented by decorative flourishes at each of the two points. The direction and height of the light can be adjusted at these points, allowing you to direct the light wherever it's needed. The long, narrow integrated LED brightens any space through a frosted shade. A discreet 4-way touch switch adjusts the brightness between low, medium, high, and off, allowing you to select the perfect lighting level for your needs. For simultaneous charging of multiple devices right from your desk, USB and USB-C ports are conveniently located at the back of the lamp base.
