Remake Bench

By Form & Refine

Description

The Remake Bench is crafted of recycled beverage cartons in a special process that allows for a mix of materials, such as paper, plastic, and aluminum. The material is a low-carbon and fully circular alternative to traditional furniture materials and thus a sustainable choice. This bench aligns with the principles of the circular economy and helps reduce the amount of waste generated in the furniture industry. Among its many sustainable properties, the product reduces CO2 emissions and is 100% recycled and 100% recyclable.
