Pinho Carafe and Glass

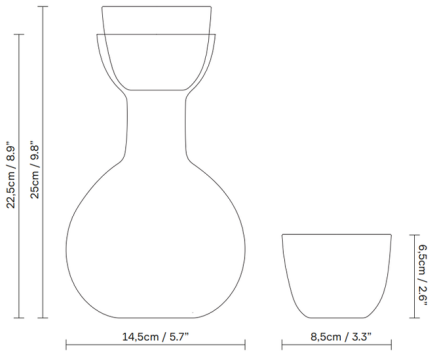

By Form & Refine

Description

Named for the pine forests where the Portugal glass industry was founded, the Pinho Carafe and Glass honors the traditional craft of glass blowing. The carafe is designed with everyday functionality in mind, with the ability to stack the included glass in the wide neck as lid. The shape of the glass is rounded to fit comfortably on the palm of your hand and is a good size for coffee, water, or even cocktails. With its thick walls, the glass is safe to use for hot or cold drinks, and is dishwasher safe.
