## Greendale Floor Lamp By Hudson Valley Lighting

## Description

Taking cues from the iconic shapes of artist Isamu Noguchi, the Greendale Floor Lamp brings a serene sculptural beauty to any space. Its geometric, totemic silhouette has been handcrafted from Japanese paper with a subtle vertical texture that comes to life when illuminated. A wood veneer base provides a sense of grounding in this statement lamp. Full range dimmer located on cord. Note: Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.

Shown in walnut / white
