Rumee 220 Portable Table Lamp

By Louis Poulsen

Description

The Rumee 220 Portable Table Lamp takes its name from the Danish word rum, meaning room or space, and the English word me, while also echoing the playful word roomie, short for roommate. This name reflects the idea that the lamp is a comforting companion with which to share a living space. Rumee possesses a built-in rechargeable battery and LED light source which allow it to be easily moved from room to room to create the perfect ambiance. Rumee's shape was inspired by a wide, spacious hat, while also drawing upon influences from the natural world with an organically curved dome and base. The lamp emits light 360 degrees around itself through a polymer diffuser for a soft, ambient glow. A dimmer button on the base allows the brightness to be cycled between 100% / 33% / 10% and off. Includes USB-C charging cord (wall plug adapter is not included).
