ROC Fast Jack Pendant By SunLight2

Description

The ROC Fast Jack Pendant blends sculptural minimalism with LED technology built for real-world flexibility. A simple rotation of the base fixture lets you dial the beam angle anywhere from a tight 10 degree spotlight to a broad 55 degree wash, so one fixture can adapt to countless spaces and moods. ROC is equipped with a Dim to Warm LED light source which warms in temperature from 3000K to 1800K as the fixture is dimmed. This rare combination of refined design and functional intelligence makes the ROC a favorite among designers and architects who need both form and precision. NOTE: The ROC Pendant includes a fast jack connector. A fast jack canopy and LED power supply are required and sold separately.

Specifications

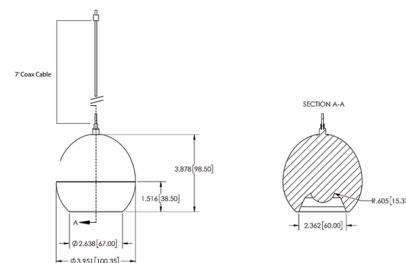

COLOR N/A
BODY FINISH White
WATTAGE 14W
DIMMER Low Voltage Electronic
DIMENSIONS 3.95"W x 3.87"H
INTEGRATED LED MODULE 1 x LED/14W/12V LED
