Turner Linear Pendant By Seed Design

Description

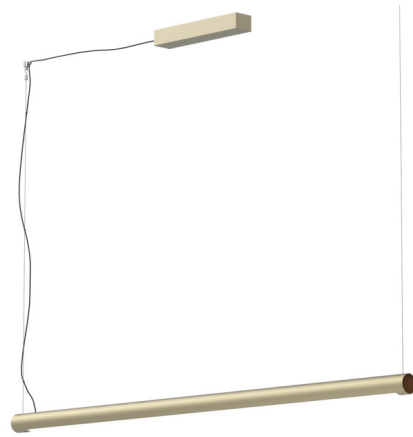

The Turner Suspension Light epitomizes the ethos of minimalist design, with a sleek, modern profile. Made of lightweight aluminum, Turner has an adjustable tilt of 45 clockwise or counterclockwise, allowing light to be directed down or on an angle. Its inner diffuser is coated in a gold finish, softening the light into a warm, glare-free shine. Refined walnut wood accents at both ends create a balanced blend of natural character. Note: Features sensor at the end of the light for easy on/off and dimming. Wave hand to switch on/off. Keep hand still to control the brightness.

Specifications
