Plisse Wall Sconce

By Vistosi

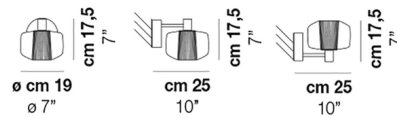

Description

The overlapping shapes and textures of the Plisse Wall Sconce were inspired by the gracefully ethereal form of jellyfish. The rounded blown glass shade houses an inner pleated fabric shade for a unique blend of materials. The sconce is illuminated by an integrated LED for a soft glow perfect for any space. Compatible with Standard 120V (TRIAC) or 0-10V dimmers (dimmers sold separately).

Shown in matte steel / dark amber / light grey plisse
